EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Hanscom (reg. no. 26,600) on March 14, 2007.

The application has been amended as follows:

IN THE CLAIMS:

In claim 70, line 3, the phrase --spaced apart from and-- was inserted after "element".

In claim 70, line 5, the phrase --spaced apart from and-- was inserted after "element".

In claim 70, line 17, the term "pressing" (first occurrence) was deleted and replaced with --moving--.

In claim 70, line 18, the term "against" was deleted and replaced with the phrase -into contact with-- and the term --only-- was inserted after "dressing".

Claim 74 has been canceled.

The above changes to claim 70 were made to better distinguish from the teachings of the prior art by more particularly pointing out that the first and second

pressing elements are moved into contact with the dressing only after the dressing is inserted into the opening. Note, in the prior art of Suzuki, the pressing elements contact the dressing both before and after the dressing is inserted into the opening, as argued by applicant on pages 26 and 27 of the amendment dated January 3, 2007. Additionally, claim 74 was canceled since it was essentially a double recitation of the subject matter recited in claim 70.

IN THE TITLE:

Please note the title of the invention has been changed by the Examiner to the following to more accurately reflect the claimed invention:

--DEVICE AND METHOD FOR PRESSING A DRESSING ON A CYLINDER OF A PRINTING MACHINE--
